## ARTICLE XII

### Teacher Evaluation and Records

It is agreed that the purpose of an evaluation procedure is continually to strengthen and improve the quality of education in the School District by improving teacher performance and by providing a basis for determinations regarding retention of teachers. It is a basic principle of any evaluation procedure that the identification of deficiencies in the performance of any teacher must incorporate a process of self-evaluation and must be promptly followed by good faith efforts toward improvement on the part of the teacher to the end that both probationary and tenured teachers shall attain and maintain a high level of proficiency.

#### A. General Policies

- 1. Copies of the current observation evaluation instruments (Exhibit B) will be available for teachers in the principal's office at the beginning of each school year.
- 2. All monitoring or observation of work and performance of teachers will be conducted openly with full knowledge of the teacher. The use of public address, audio systems or similar surveillance devices shall not be used for this purpose.
- 3. Only qualified certified administrators, supervisors and department chairpersons shall be used to evaluate teachers.

#### B. General Classroom Observation Procedures

- 1. A pre-observation conference shall be held between the observer and a non-tenured and probationary teacher prior to the first formal announced observation of the school year in each of the teacher's probationary years. A pre-observation conference may be requested by a tenured teacher prior to the first formal

observation of the school year. Discussion at the conference may include the teacher's objectives, methods and materials planned for the lesson to be observed.

2. Once each school year a teacher shall have the right to request a deferment of a class observation if good reason exists. The observer will decide if good reason does exist. It is expected that such request will be honored with rare exceptions but it is also expected that individual teachers will rarely make such a request. The postponement may be for no more than ten (10) school days except by agreement between the teacher and the evaluator.
3. An effort will be made to arrange class observations and accompanying evaluations beginning early in the school year so as to provide maximum opportunity for positive individual guidance and assistance.
4. The post observation conference and teacher receipt of the classroom observation report will occur within (7) school days of the observation.
5. A copy of every classroom observation and annual evaluation report shall be placed in the teacher's personnel file. No classroom observation or annual evaluation report shall be submitted to Central Administration, placed in the teacher's file or otherwise distributed or acted upon without a prior conference with the teacher.
6. The teacher shall sign any report of an observation or evaluation report to indicate that he or she has seen the report, with the understanding that such signature does not necessarily indicate agreement with the contents of the report. Included in any negative report should be suggestions designed to improve the performance of the teacher. The teacher being evaluated shall have ten (10) working days to submit a written response to the evaluation report, which shall be attached to it in his/her file. The time limits in this paragraph may be extended upon mutual written agreement.
7. The duration of such observation should encompass the beginning and ending of a lesson unless shortened by mutual agreement.
8. Because of the subjective nature of personnel evaluation, it may be advisable that a teacher be observed by more than one (1) administrator during the school year.

C. Evaluation of Probationary Teachers

1. The minimum number of formal observations for probationary teachers in each year of their probation is five (5).
2. Proper notice of the first formal observation and one subsequent observation for evaluation purposes in each year of the probationary period will be given.

D. Notice of Tenure Denial

Probationary teachers to be denied tenure or not to be employed for the following school year will be so notified at least sixty (60) days prior to the effective date of such termination. A teacher who fails to exercise his/her duties faithfully and responsibly after receiving notice of termination shall be subject to summary dismissal. Such dismissal shall not be subject to grievance procedure.

E. Evaluation of Part-time and Tenured Teachers

1. The minimum number of formal observations for tenured teachers is one (1) per year.
2. In addition to observations initiated by the evaluator, tenured teachers may also invite observations.
3. Administrators are encouraged to offer constructive suggestions designed to meet the particular needs of the experienced teacher.
4. Prior notice of the first formal observation for evaluation purposes will be given. Administrator will provide one (1) day's notice. Additional observations for evaluation purposes may be conducted from time to time without prior notice.

A teacher will be provided, upon request, an opportunity to review and make copies of non-confidential personnel data concerning him/herself at a reasonable time to the Superintendent. All such material will be kept in files located with the Superintendent. A teacher will be entitled to have a representative of the Association accompany him/her during such review. Only those who have an official right and reason for so doing may inspect a teacher's file, and said file shall not be open to public inspection except upon specific consent by the teacher and the Association.

G. Response to Derogatory Materials

No material derogatory to the teacher's conduct, service, character or personality will be placed in his/her personnel file unless the teacher has had an opportunity to review the material. The teacher will acknowledge that he or she has had the opportunity to review such material by affixing his/her signature and the date to the copy to be filed, with the express understanding that such signature in no way indicates agreement with the contents thereof. The teacher will also have the right to submit a written answer to such materials, and his/her answer shall be reviewed by the Superintendent and attached to the file copy.

H. Teacher Discipline

No teacher will be reduced in rank or compensation, or deprived of any professional advantage without just cause.

I. Complaints Against A Teacher

When an administrator receives a parental complaint or student complaint against a teacher and the Administrator decides to make the complaint a matter of record in the teacher's personnel file, the teacher shall have the opportunity to discuss the complaint with the Administrator and to include a response to the complaint in his/her personnel file.

At the teacher's request a representative of the Association shall be present when the complaint is discussed with the teacher in conference with the Administration.

Time lost by a teacher in connection with the investigation of any incident mentioned in this Article shall not be charged against the teacher.

J. Report of Special Achievement

Administrators are hereby encouraged to place in the teacher's file information of a positive nature indicating special competencies, achievements, performances or contributions of an academic or professional nature. Any such materials received from outside competent, responsible sources shall be included in the teacher's file. The teacher will acknowledge that he or she has had the opportunity to review such material by affixing his/her signature to a copy to be filed.

No interference, coercion, restraint, discrimination or reprisal of any kind will be taken by the Board or by any member of the administration against the aggrieved party, any party in interest, any representative or any other participant in the grievance procedure or any other person by reason of such grievance or participation therein.
8. Forms for filing grievances, serving notices, taking appeals, and making reports and recommendations, and other necessary documents will be developed and approved by both parties. The Chief Executive Officer shall then have them printed and distributed so as to facilitate operation of the grievance procedure.
9. All documents, communications, and records dealing with the processing of a grievance shall be filed separately from the personnel files of the participant.
10. Nothing contained herein will be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration and having the grievance informally adjusted without intervention of the Association, provided the adjustment is not inconsistent with the terms of this Agreement and the Association has been given an opportunity to be present at such adjustments and to state its views on the grievance. In the event that any grievance is adjusted without formal determination, pursuant to this procedure, while an adjustment shall be binding upon the aggrieved party and shall, in all respects, be final, said adjustment shall not create a precedent or ruling binding upon either of the parties to this Agreement in future proceedings.

11. The grievant may choose whomever he wishes to represent him/her at Stages 1 and 2, except that such representative may not be an official of a competing employee organization.
12. If any provision of this grievance procedure or any application thereof to any teacher or group of teachers in the negotiating unit shall be finally determined by any court to be contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications will continue in full force and effect.
13. The Chief Executive Officer shall be responsible for accumulating and maintaining an official Grievance Record which shall consist of the written grievance, all exhibits, transcripts, communications, minutes and/or notes of testimony, as the case may be, written arguments and briefs considered at all levels other than Stage 1, and all written decisions at all stages. Official minutes will be kept by a party agreeable to both sides at all proceedings at Stages 1 and 2.

A copy of such minutes will be made available to the aggrieved party, the Association and the Chief Executive Officer within two days after the conclusion of hearings at Stages 2 and 3. The aggrieved party, the Association or the Chief Executive Officer may advise the appropriate hearing officer of any errors in said minutes. Any such claim of error in the minutes shall become a part of the Official Grievance Record and the hearing officer shall indicate the determination made respecting such claimed error. The Official Grievance Record shall be available for inspection and/or copying by the aggrieved party, the Association and the Board, but shall not be deemed a public record.

14. The election to submit a dispute hereunder to grievance and arbitration shall automatically be a waiver by the claimant of all other remedies or forums which otherwise could be available, except that when a claim is declared non-arbitrable by an arbitrator or a court, the claimant shall have access to other forums.

D. Time Limits

1. Since it is important to good relationships that grievances be processed as rapidly as possible, every effort will be made by all parties to expedite the process. The time limits specified for either party shall be extended only by mutual agreement.
2. No written grievance will be entertained as described below, and such grievance will be deemed waived unless the grievance is presented in writing at the first stage within sixty (60) school days after the teacher knew or should have known of the act or condition on which the grievance is based.

3. If a decision at one stage is not appealed to the next stage of the procedure within the time limit specified, the grievance will be deemed to be discontinued and further appeal under this Agreement is barred.
4. Failure at any stage of the grievance procedure to communicate a decision to the aggrieved party, his/her representative and the Association within the specified time limit shall permit the lodging of an appeal at the next stage of the procedure within the time which would have been allotted had the decision been communicated by the final day.
5. In the event a grievance is filed on or after June 1, upon request by or on behalf of the aggrieved party, the time limits set forth herein shall be reduced prorata so that the grievance procedure may be exhausted prior to the end of the school term or as soon thereafter as is possible.

E. Stage 1: Building Principal

1. A teacher having a grievance will discuss it with the building principal either directly or through an Association representative with the objective of resolving the matter informally. The principal will confer with all the parties in interest, but in arriving at his/her decision will not consider any material or statements offered by or on behalf of any such party in interest with whom consultation has been had without the aggrieved party or his/her representative present. If the teacher submits the grievance through a representative, the teacher may be present during the discussion of the grievance.
2. If the grievance is not resolved informally, it shall be reduced to writing and presented to the building principal. Within five (5) school days after the written grievance is presented to him/her, the supervisor shall, without any further consultation with the aggrieved party, or any party in interest, render a decision thereon in writing and present it to the teacher.

F. Stage 2: Chief Executive Officer

1. If the teacher initiating the grievance and/or the Association are not satisfied with the written decision at the conclusion of Stage 1, a written appeal of the decision at Stage 1 with the Chief Executive Officer may be filed within ten (10) school days after the teacher has received such written decision. Copies of the written decision at Stage 1 shall be submitted with the appeal.
2. Within eight (8) school days after receipt of the appeal, the Chief Executive Officer, or his/her duly authorized representative, shall hold a hearing with the teacher, his/her representative and all other parties in interest.

3. The Chief Executive Officer shall render a decision in writing to the teacher, his/her representative and the Association within eight (8) school days after the conclusion of the hearing.

G. Stage 3: Arbitration

1. After such hearing, if the teacher and/or Association are not satisfied with the decision at Stage 2, and the Association determines that the grievance is meritorious and that appealing it is in the best interests of the school system, it may submit the grievance to arbitration by written notice to the Chief Executive Officer within fifteen (15) school days of the decision at Stage 2 except that no dispute may be submitted to arbitration which involves questions relating to the interpretation of the contract which, pursuant to the terms of the contract, "are not arbitrable" or "may not be submitted beyond the Chief Executive Officer's stage."
2. The rules of the American Arbitration Association shall govern both parties. If the parties mutually agree, the grievance may be submitted to expedited arbitration in accordance with the Expedited Labor Arbitration Rules. However, rather than filing a demand for arbitration with the American Arbitration Association, the parties shall use the following private panel of arbitrators in rotating order:  
  
Rosemary Townley  
Roger Maher  
Robert Simmelkjaer  
Howard Edelman  
Marlene Gold
3. The selected arbitrator will hear the matter promptly. The arbitrator's decision will be in writing and will set forth his/her findings of fact, reasoning and conclusions on the issues.
4. The decision of the arbitrator shall be final and binding upon all parties.
5. The costs for the services of the arbitrator, including expenses, if any, will be borne equally by the Board of Education and the Association.

ARTICLE XXVII  
No-Strike Clause

The Association agrees that neither it nor the employees it represents shall engage in a strike during the life of the contract.

ARTICLE XXVIII  
Miscellaneous Provisions

1. This Agreement shall supersede any rules, regulations or practices of the Board which shall be contrary to or inconsistent with its terms. The provisions of this Agreement shall be incorporated into and be considered part of the established policies of the Board.
2. Any individual arrangement, agreement or contract between the Board and an individual teacher, heretofore executed, shall be subject to and consistent with the terms and conditions of the Agreement and any individual arrangement, agreement or contract hereafter executed shall be expressly made subject to and consistent with the terms of this or subsequent agreements to be executed by the parties. If any individual arrangement, agreement or contract contains any language inconsistent with this Agreement, this Agreement during its duration, shall be controlling.
3. If any provision of the Agreement or any application of the Agreement to any teacher or group of teachers shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
4. Copies of this Agreement shall be printed at the expense of the Board and given to all teachers now employed or hereafter employed by the Board within two weeks after its execution or employment if that occurs later. The Association will act as the distributor of the Agreement to all currently employed teachers.
5. There will be no reprisals of any kind taken against any teacher by reason of his/her membership in the Association or participation in any of its activities.
6. As negotiation meetings between the Board and the Association are scheduled during a school day, the representatives of the Association will be relieved from all regular duties necessary to permit their participation in such meetings. Such relief from duty shall not involve any loss of pay. When it is necessary for representatives of the Association to schedule meetings during the school day in order to prepare for mediation and/or fact-finding, not more than seven (7) such representatives at any one time will, upon notice to the Superintendent of Schools by the President of the Association, be released as necessary in order to permit participation in these meetings. Such meetings shall not exceed two (2) days in any school year. When it is necessary, pursuant to the Grievance Procedure, for a member of the Grievance Committee or other representative designated by the Association to investigate a grievance or attend a grievance meeting or hearing he or she will be released without loss of pay as necessary in order to permit participation in the foregoing activities.

Any teacher whose appearance in such investigations, meetings, or hearings as a witness is necessary will be accorded the same right. The Association agrees that those rights will not be abused.

7. The Board will provide each teacher with a copy of the Board of Education By-laws.
8. Effective June 30, 2007, teachers who do not currently have non-resident students attending the District tuition free, will not be eligible to have non-resident students attend the District tuition free in the future.
